

Docket No. 17605(AP)
Serial No. 10713,500

Remarks

Applicants elect group 1 with traverse.

Applicants select the compound below for search purposes, it is compound 3, found on p. 22 of the specification.

In order to properly make a restriction requirement, the Examiner must show that the inventions are independent or distinct as claimed; and that there "would be a serious burden on the examiner if restriction is not required." MPEP 803. While Applicants believe that the restricted groups are patentably distinct, Applicants do not believe it "would be a serious burden on the examiner if restriction is not required." Therefore, Applicants respectfully request that Examiner remove the restriction.
